Confidential – For Discussion Purposes Only

NAVIGATING COMPLEX REALITIES

UHNW families and executives face growing challenges

01 Global operations create cross-border vulnerabilities

02 Public visibility attracts coordinated attacks

03 Fragmented data systems leave gaps

04 Sophisticated threats outpace team communication

AMG brings order to chaos to preserve clarity, control, and continuity

AMG CLIENT PROFILE

The common thread: complexity convergence, information overload, & lack of integrated solutions

FAMILY OFFICES

Profile:

$250M+ AUM | 2+ generations

Triggers:

Succession | Geographic expansion | Governance disputes

Pain Points:

Fragmented advisors | Next-gen unpreparedness | Crisis vulnerability

GLOBAL EXECUTIVES

Profile:

C-suite + board roles | 100+ travel days/year

Triggers:

Geopolitical exposure | Industry targeting

Pain Points:

Inconsistent protection | Cognitive overload | Fragmented intel

UHNW INDIVIDUALS

Profile:

$100M+ net worth | Philanthropic visibility

Triggers:

Increased targeting | Family safety concerns

Pain Points:

Privacy erosion | Physical risk | No integrated response

TRADITIONAL ADVISORS CREATE BLIND SPOTS

Every advisor holds a vital piece of your legacy – in isolation, risk connects instead of people. Blind spots become faults lines where preventable crises take shape.

THE PARTNER ECOSYSTEM

Dr. Barry L. McManus

Former Senior Intel Officer

25+ years advising Fortune 500 and UHNW families, delivering actionable intel to safeguard critical assets and inform decision-making across global markets

Dr. Charles A. Morgan III

Yale School of Medicine

World-leading researcher in neurobiology of stress, resilience, and cognitive performance under extreme conditions; Former CIA forensic psychiatrist with 50+ peer reviewed publications

Dr. James LaValle

Clinical Professor

Pioneer in integrative and metabolic medicine with emphasis on performance health optimization; Builds personalized, data-driven programs using comprehensive metabolic modeling and peptide therapies

Ryan Krupa

Fortune 100 Coach

Delivers 1:1 leadership intensives focused on character, truth-seeking, and hidden performance constraints; Provides crisis leadership coaching under litigation, regulatory, or media pressure

AMG Labs

Digital Privacy & Cybersecurity

Elite, collaborative network of NSA and government agency threat hunters bringing integrated penetration testing, threat intel, detection, and fortified defenses

Scot Holzschuh

USMC veteran

30+ years protective operations. Specialized executive protection with emphasis on modern threat patterns, surveillance detection, and protective tradecraft. Designs family protective programs (residential, travel, event-based)

MEASURED IMPACT

Risk Reduction

87% Avg reduction in critical vulnerabilities

94% Improvement incident response time (72hrs → 4hrs)

Economic Efficiency

31% Avg reduction total security spend

$3.2M Avg loss avoidance per client

Leadership Performance

68% Improvement decision quality under pressure

89% Significantly improved confidence

Family & Governance

73% Reduction in governance disputes

84% Next-gen meet succession milestones

YOUR FRAGMENTED REALITY

AMG's integrated approach solves the shortcomings of multiple, siloed advisors

Traditional Approach

- Multiple separate advisors
- Each with partial visibility
- Contradictory recommendations
- Average crisis response: 72 hrs
- Reactive & Fragmented

The AMG Difference

- Single point of accountability
- 360° integrated intelligence
- Unified, prioritized action plan
- Average crisis response: 4 hrs
- Proactive & Integrated

Turn risk into foresight and complexity becomes clarity

HOW AMG WORKS

Obtain sustained resilience and generational continuity

01

Integrated Discovery

Comprehensive cross-domain assessment across risk, leadership, and health. Unlike siloed advisors, we identify threats invisible to single-domain experts

02

Custom Blueprint

Deep assessments transformed into unified, prioritized action plans. One integrated plan, not five separate recommendations

03

Coordinated Delivery

Orchestrated program execution without introducing noise. Single point of accountability across all domains

04

Ongoing Support

Continuous engagement, refinement, and optimization over time

FIVE DOMAINS. ONE OPERATING SYSTEM.

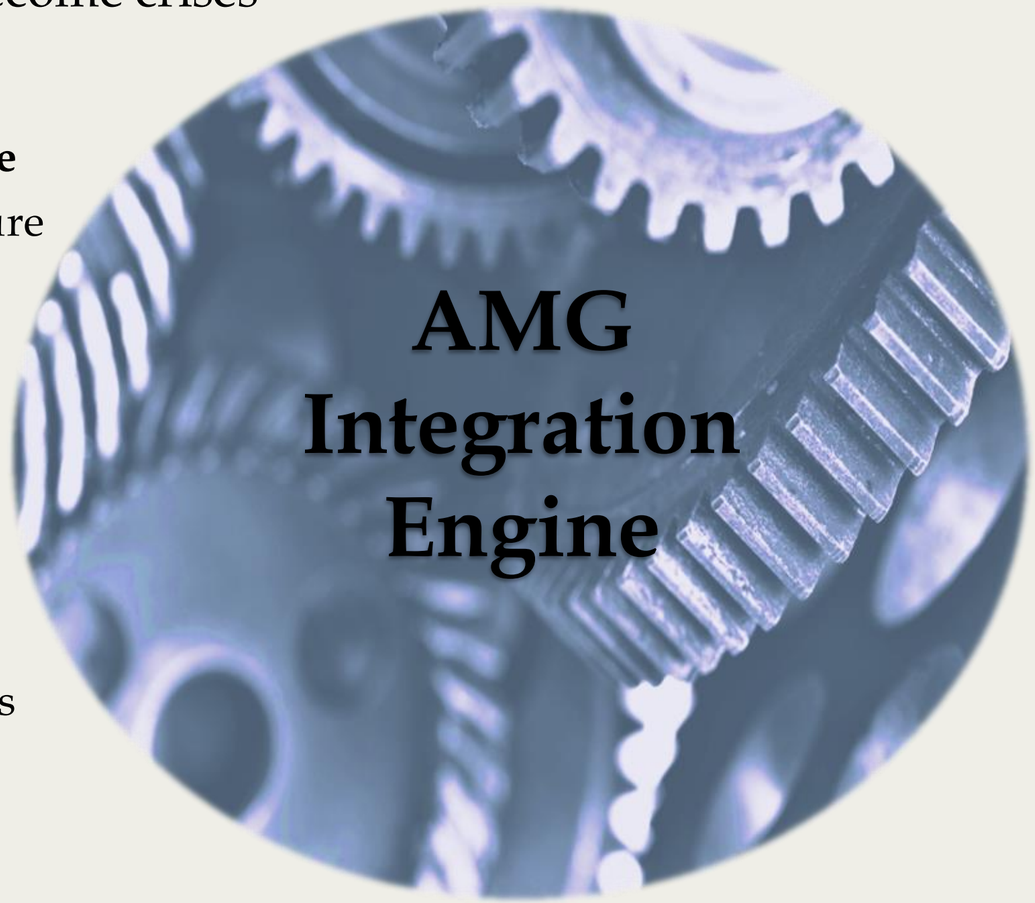
Identify threats before they become crises

Neurobiology & Performance

Capacity to lead under pressure is optimized

Cyber & Protective Security

Digital and physical threats managed as one surface



Leadership Development

Principal and next-gen leaders prepared for high-stakes decisions

Integrative Medicine

Physical resilience supports cognitive and emotional durability

Business Intelligence & Geopolitical Risk

Map threats to markets and asset footprint

THE COMPOUNDING COST

A $380M family office spanning three generations. In 45 days, their world unraveled. No one coordinated. Everyone reacted.

THE COST

$4.2M

Ransomware + Legal Fees + Reputation Repair + 40% of Data

HIDDEN COST

18 months of family stability and trust

Day 1 Ransomware Attack

Encrypts family trust documents. The cybersecurity firm discovers the breach

Day 17 Extortion Attempt

Against daughter studying in London. EP team responds in isolation

Day 32 Leaked Emails Surface

Regarding a philanthropic investment. Legal accidentally confirms the leak

Day 45 Family Erupts

Three generations blame each other and family fault lines fracture

OUR ENGAGMENT MODEL

Intentionally modular – a transparent structure tailored to each client's unique needs and objectives

CORE STRUCTURE

Foundational Design

Clients begin with at least two of our five domains to ensure true cross-domain intelligence rather than siloed expertise

Depth Tailored to Complexity

Each domain offers multiple service levels allowing precise calibration to your unique complexity

Family Alignment

Pricing and scope thoughtfully scale with family size, geographic footprint, and generational complexity

Orchestrated Integration

Unlike managing multiple advisors, AMG delivers coordinated oversight and seamless continuity across every domain

KEY DIFFERENTIATORS

Tailored to You

No forced packages—build your program from the domains most critical to your unique risk landscape

Evolves with You

Your program adapts as priorities shift—add domains, increase depth, or adjust focus without friction

Seamless Scalability

Elevate coverage mid-engagement with zero-friction, pro-rated adjustments as situations evolve

Single Point of Accountability

One relationship. One invoice. One responsible party for white-glove delivery

NEXT STEPS

- **Begin with a confidential discovery session –** map current risk landscape, understand known risks and identify critical blind spots

- **Custom Blueprint –** integrated assessment across chosen domains, prioritized action plan and transparent proposal

- **Program Launch –** coordinated implementation, single point of accountability, maximum impact and ROI.

CASE STUDIES

STABILIZING A FAMILY OFFICE

3rd-generation family office | $680M AUM | 5 jurisdictions | 12 family members

BEFORE AMG

- 8 advisors — conflicting recommendations
- Incident response time: 72 hours
- Annual cybersecurity spend: $420,000
- Governance meetings: quarterly, combative
- Patriarch stress level: 8.5/10
- Succession confidence: 3/10
- Integrated crisis plan: None

AFTER AMG

- Incident response: 4 hrs (94% improvement)
- Security posture score: 87/100 (vs. 34)
- Cybersecurity spend: $285K (32% reduction)
- Monthly structured governance meetings
- Patriarch stress: 3/10 | Sleep +67%
- Succession confidence: 9/10
- Zero incidents during high-risk period

> *"AMG didn't just reduce our risk – they gave us an operating system for family continuity."*
> — Family Principal (G2)

CRISIS CONTAINMENT UNDER ATTACK

Founder-CEO | $200M Series C | Multi-vector threat | Family at risk

"When the walls closed in, AMG gave us a playbook and executed while I focused on leading."
— Founder-CEO

FULL SPECTRUM PROTECTION

Fortune 100 C-suite | 140 travel days/year | 4 continents | High public profile

CRISIS CONVERGENCE

- Cyber targeting linked to energy sector geopolitics
- Physical risk in contested international regions
- Fragmented intelligence across three vendors
- Executive decision fatigue from constant risk noise
- Family anxiety about safety

AMG SOLUTION

- Country-level threat intelligence per trip
- Protective intel-led advance work
- Executive + family digital footprint mapping
- Pre-travel stress inoculation protocols
- All threat intel fused into single daily brief
